Pre-Prioritization Team –

Per discussion at today's meeting, attached are the latest versions of the presentations for the December 11th public meeting that I've been able to compile. Please send any comments you have to both Hans Scheifele (on copy) and myself this week.

Further: the deadline for the public to submit questions to the docket is 11:59pm this evening, so the contractor will likely need a few days yet to pull together the compilation/summary of stakeholder questions and comments. We'll be sending that compilation around to you once we've received it.

Most especially: thanks to everyone for your patience with us in Ryan's absence!

Best,

Alison

Subject: Draft Presentations for Pre-Prioritization

As mentioned in my earlier email, attached are all the draft presentations thus far. Folks have until 11/29 (per Nancy) to circulate to the group for review. We are still missing the following presentations:

- The Canada presentation (David Morin) and the EPA slides that tie-in to TSCA
- The Amended Work Plan Approach
- ORD's high-throughput Approach

Thanks,

Ryan
